

Another year of full house at the **10th Annual ISF Academy Chess Open** last Sunday on Mar 10, 2019. With over 68 schools and close to 250 players participating, the event is **The BIGGEST** Chess Tournament that students look forward to in Hong Kong!

After the initial handshakes, each player engaged in six rounds of chess in a gym charged with high-intensity, brain power. From the youngest 4-year-old player to the oldest 18-year-olds, everyone had fun while giving maximum effort. After over six hours of ‘battle’, everybody was proud of the fantastic brain workout and attitude that the participants produced.

The event was a resounding success. Special thanks go to all the devoted parents who patiently stood by the students’ sides throughout the whole day for both physical and mental support. We were most pleased with the excellent results and the very positive remarks received from the students/parents about the tournament. Hope to see all the players at the next tournament – **The 10th Annual Beginners Tournament** (Apr 14, 2019) and **The 10th Annual Hong Kong Scholastic Championship** (Jun 9, 2019)

As our ActiveKids' constant efforts to improve ourselves and to invest into our resources, we are also extremely proud to have a **Grand Master (GM)** joining **ActiveKids TCA Team** in the beginning of April. He will be the **FIRST** and **ONLY** GM actively coaching in HK!
